More Tests for You!

This graph shows where the majority of the students stand. The Peak of the graph signifies the marks that most of the test takers obtained. The arrow indicates where you stand.

Note: Your goal is to be as far to the right as possible, that is where all the toppers are.

This graph shows the marks distribution among the test takers. The leftmost point on the graph shows the topper's marks while the rightmost point belongs to the person who stood last. The arrow indicates where you stand.

Note: Your goal is to be as far to the left as possible.

# **☑** Personalized Remarks

- \* Try to score higher: You marks is less than the average marks of the test, which means that most of the test takers performed better than you. You need to study more.
- **Your speed is Good :** You took lesser time to complete the test than most of the test takers. This can really help you in exams where time matters a lot. Keep practising more tests to improve your speed further.
- Improve your Accuracy: Your Accuracy is lower than the average accuracy of the test. Try to attempt only the Questions that you are sure of as it can hurt your score in tests with negative marking.

denotes the option that you selected.

Overall Logical Reasoning

denotes the correct option.

# Question 1 of 30 **②** You got this Question Wrong.

The question contains a statement followed by three Assumptions I, II and III. Find out which assumption(s) is implicit.

#### Statement:

The telephone company informed the subscribers through a notification that those who do not pay their bills by the due date will be charged penalty for every defaulting day.

# Assumptions:

- (I) Majority of the people may pay their bills by the due date to avoid penalty.
- (II) The money collected as penalty may set off the losses due to delayed payment
- (III) People generally pay heed to such notices.
  - A. II and III are implicit
  - B. I and II are implicit
  - C. None of these is implicit
  - **D.** I and III are implicit
- **☑ E.** All are implicit.

# Question 10 of 30 ♥ You Correctly Solved this Question.

The question is followed by two arguments numbered I and II. You have to decide which of the arguments is a strong argument and which is a weak argument.

Should the public sector undertakings be allowed to adopt hire and fire policy?

Arguments:

- (I) Yes, this will help the public sector undertakings to get rid of non-performing employees and will also help to reward the performing employees.
- (II) No, the management may not be able to implement the policy in an unbiased manner and the employees will suffer due to the high-handedness of the management.
- ✓ **A.** Only argument I is strong.
  - **B.** Only argument II is strong.
  - C. Either I or II is strong.
  - **D.** Neither I nor II is strong.
  - **E.** Both I and II are strong.

# Question 19 of 30 ♥ You Correctly Solved this Question.

In the question a statement is followed by some courses of action . A course of action is a step or administrative decisions to be taken for improvement, follow-up, or further action in regard to the problem, policy, etc. You have to assume everything in the statement to be true and then decide which of the given suggested course(s) of action logically follows for pursuing.

#### Statement

**Explanation:** 

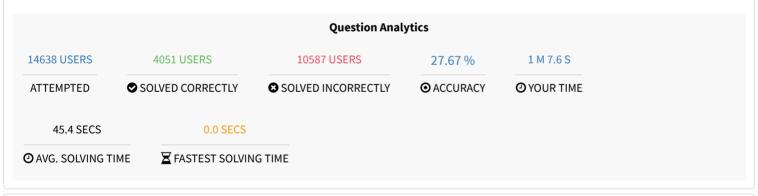

There has been a significant drop in the water level of all the lakes supplying water to the city.

Courses of action:

- (I) The water supply authority should impose a partial cut in supply to tackle the situation.
- (II) The government should appeal to all the residents through mass media for minimal use of water.
  - A. Only course of action I follows.
- **☑ ☑ B.** Only course of action II follows.
  - C. Either course of action I or II follows.
  - **D.** Neither course of action I nor II follows.
  - **E.** Both courses of action follows.
